Point for orders:—

1 The Director of Agriculture wants sanction to the continuance of the services of the ten temporary agricultural inspectors sanctioned in G.O. No. 156-214/Dis 9-23-6 3.10.24 till the end of June 1924. He states that all the ten inspectors will be required for work till the end of May 1924 and that it will be enough to have only 6 thereafter, provided the fodder depots at Narimpatti, Malur, Chintamani & Sidlaghatta are continued to be run by the Amildars. This procedure is however contrary to that prescribed in the G.O. dated 28. 3. 24. Point the Director is agreeable to leave the matter as at present in the hands of the Amildars. It seems that this procedure is more economical in the long run.

SIR,

With reference to Government Order No.156-214-Dis/9-23-6 of the 10th Jan. 1924, sanctioning the employment of the marginally not-

Ten Agricultural Inspectors on Rs.40 each for four months.
Two Accountants on Rs.40 each for 6 months.

ed temporary staff for a period of four months ending with the 10th May 1924 I have the honour to state that our period of anxiety with regard to fodder is by no means over. Up to the present about 80 tons of hay and 150 tons of paddy straw have been sold and there is no indication that the demand is in any way slackening. In fact in some areas it has markedly increased.

In addition to the temporary staff employed on this work a very large number of the permanent staff have also been placed in this duty. It is now necessary to relieve these men for their regular work.

Under these circumstances I have the honour to submit that it is quite necessary to retain the services of this temporary staff till the end of the official year at least. I have therefore the honour to request very early orders of Government sanctioning thei continuance.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

SIR,

Rcd at 4.15 pm from 6.5 pm

With reference to your letter No.1046/D of 2nd instant, I have the honour to state that fodder depots will have to be retained in at least 3 places in the Tumkur District viz., Kittur, Kiboanhalli and Tumkur. The two depots at Goribidanur and Bangalore will of course be retained. There is also demand for a fodder depot at Hoskote or Whitefield which may have to be opened. There will have to continue to be places of distribution in Kolar District at Bowringpet, Malur and Chintamani and probably Sidlaghatta. These are at present being run by the Amildars but Government Order No.877-88/D.9.23 of the 28th March 1924 seems to contemplate their being handed over to the Agricultural Department. If this is not considered necessary, and I personally would be inclined to leave the matter in the hands of the Amildars, it will probably not be necessary to retain more than six temporary Inspectors after the close of the present month. The full number often will be required this month to wind up the temporary depots at Devanur, Birur, Huliyar and Koratagere. Other depots having been practically closed, and these are being closed as rapidly as possible.

The temporary men have in the past, been employed along with the regular staff in shipping straw and running fodder depots and which have had to be changed into fodder depots.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.
